

AEROSOL and Spray Range

The Rock Oil Aerosol product range of high performance lubricants encompass a varied range of applications, from general purpose cleaning, extreme pressure lubrication, instant and lasting protection, and food grade requirements (where applicable), available in an environmentally safe, easy to use format.

BRAKE KLEEN

PN. 60081

- Cleans & degreases
- Safe to use on plastics & rubber
- Chlorine free
- Removes dust, dirt, grease & brake fluid
- Fast drying

ROCKEZE

PN. 04070

- Penetrating fluid
- Advanced rust & corrosion inhibition
- Water dispersant
- Lubricant
- General maintenance spray

KONTAKT KLEEN

PN. 60231

- Non-toxic & non-corrosive
- Repels water
- Evaporates leaving no residue
- Cleans oil, grease, dirt, and hydrocarbons

WHITE SPRAY GREASE

PN. 64040

- Repels water
- Prevents component seizure
- Ultimate protection in automotive, commercial, industrial, & marine applications

SOC | SOLUBLE OIL CLEANER

PN. 04060

- Removes oily or greasy residues from any surface
- Allows complete and rapid cleaning
- Suitable for both metal and plastic components
- Fast acting

FOOD CHAIN LUBE

PN. 14610

- Colourless, odourless, tasteless and non-toxic
- Lubricates all types of food machinery
- Good extreme pressure lubricant
- Multi-purpose

SILICONE PROTECTOR SPRAY

PN. 14481

- Cleans, protects, and lubricates
- Fast shining of plastic, vinyl, paintwork and metal
- Removes oil & grease
- Non-staining

COPPER ANTI-SEIZE

PN. 65050

- High pressure, high temperature grease
- Prevents seizure & thread distortion, and superior corrosion protection
- Works effectively up to 1100°C

CARB KLEEN

PN. 14640

- A specially formulated blend of solvents
- Removes oil & grease
- Increases engine efficiency
- Removes dust, dirt, grease & brake fluid
- Fast drying

SUPER MARINE INHIBITOR SPRAY

PN. 09090

- Prevents rust formation
- Coats unexposed internal surfaces
- Creates a water repellent lubricated surface on external surfaces

CHAIN LUBE SPRAY

PN. 07080

- Increases chain life
- Penetrates inner pins & chain rollers
- Resists flinging & shock loadings protection
- Ease of application

DE-ICER

PN. 14941

- Fast acting spray compound
- Removes thin ice from hard surfaces
- Prevents ice reforming

KUT & TAP

PN. 60450

- Suitable for use on stainless steel, nimonics and titanium
- Excellent performance
- Reduces heat and friction
- Extends tool life

OPEN GEAR CHAIN AND WIRE

PN. 00290

- Reduces wear and increases chain life
- Penetrates inner rollers
- Resists the highest shock loads
- Ideal for chains, cables, wire ropes & open gears

CHAIN KLEEN SPRAY

PN. 63000

- Maintains efficient operation of chain driven systems
- Superb cleaning properties removes dirt, oil, and grease
- Powerful cleaner for all motorcycle, kart, ATV, and mountain bike applications
- Use in conjunction with Chain Lube to prolong chain life and improve performance & efficiency

DIRT BLASTER

PN. 00500

- Outstanding performance with minimal agitation
- Reduces scale build up
- Boosts cleaning properties in hard water areas
- Suitable for use with most components

ROCK OIL Aerosol products are supplied in boxes of 12x 400ml aerosols.
